Dear Vice Minister He,

Thank you for taking the time to meet with me and my team during my visit to Beijing.

I am grateful to the State Commission Office for Public Sector Reform (SCOPSR) and CONAC for your hospitality, as well as for your active participation in ICANN's work. I have learnt a lot about the Chinese government's plans with respect to leveraging the Internet during my visit to CONAC. I believe China is very much in the forefront in this regard. I was very impressed with the technical facilities and network management platforms that I saw during my tour at CONAC and I very much enjoyed the technical discussions with the CONAC team.

I look forward to hearing of SCOPSR's progress in China's e-government program, and to CONAC's continued participation in ICANN. Thank you.

Yours sincerely,

Göran Marby
